Heatherwood Construction Completes Renovation of Naples Park Plaza

NAPLES, Fla. (March 1, 2007) – Heatherwood Construction has completed renovation of Naples Park Plaza at 9331 Tamiami Trail North in Naples.

The 12,000-square-foot retail building received a heavy face-lift and new roof to keep up with surrounding development and land values. The 24-unit building was originally constructed in 1979 after demolition of a previous building on the 1.5-acre site. The Paulich family, the original owners of the building, arranged for the renovation.

Terry James of Heatherwood Construction served as senior project manager, John Augeri served as director of construction, and Greg Little served as job superintendent. Don Stevenson Design provided architectural design services.

Based in Bonita Springs, Fla., Heatherwood Construction Company is a full-service commercial general contractor serving Southwest Florida since 1980. The company provides complete construction turnkey services to clients from Naples to Sarasota including site search and selection, feasibility analysis, site development, value engineering, vertical construction and more. For more information, visit www.HeatherwoodConstruction.com or call (239) 949-6855.
